PROFILE

Detail-oriented full-stack web developer with a passion for intuitive, satisfying user experiences. I'm always looking for ways to further my knowledge and improve my skills.

EXPERIENCE

Ohio School Boards Association | Columbus, OH

Jun 2023 – Current

Senior Solutions Engineer

Promoted to senior level in 2023. Ownership and oversight of UI/UX operations. Implementation of UAT process. Leading project for decoupled tech stack rewrite.

Ohio School Boards Association | Columbus, OH

Jan 2019 – Jun 2023

Solutions Engineer

In-house developer for an education nonprofit servicing school boards across the state. New features, sites, maintenance, and bug fixes across various platforms.

- Technologies regularly utilized: PHP (Drupal, Moodle), Claris/Filemaker, HTML, CSS, JS, React, Twig, Docker, SQL

MoveHQ | Reynoldsburg, OH

Feb 2018 - Sept 2018

PHP Developer

All-in-one CRM feature development, bug fixes, and testing in a collaborative, semi-agile environment.

- Technologies regularly utilized: Git, PHP, SQL, Vagrant, Composer, Nginx, jQuery, Smarty, AJAX.
- Placed on a core release team tasked with rapid development of new features. Developed a product from early stages through release.
